## Lake Villa Expects Big Year

### Outlook for Growth Called Excellent

By PHIL SCHWARTZ

For Lake Villa, "1974 looks like a bumper year," Zoning Board chairman Don Curtis told the Antioch-Lake Villa boundary committee last week.

In only their second meeting - this time in Lake Villa - the representatives of the towns' Village Boards and Planning Commissions again discussed much more than the proposed boundary agreement for which the special committee was created.

Representing the host community, Curtis led off with a presentation on Lake Villa's outlook for growth in the near future.

Residents along Grand Ave. east to Deep Lake Rd. have already floated their own bond issue to have a sewer line extended to them. A 150-unit planned development is proposed for the northwest corner of Grand and Deep Lake Rd.

THE NEXT PHASE of the sewer expansion would extend a line from Milwaukee Ave. (Route 83) west to the treatment plant, along the south Village limits, Curtis said.

In addition, he revealed, Allendale School has agreed to tie its sewer facilities into the Village system.

All of these extensions are being planned to handle much larger populations than currently exist in the areas served, Curtis explained.

This will open up the areas west, south and east of the present Village for possible annexation, he pointed out.

To the north - the area of immediate concern to the Antioch-Lake Villa committee - the Village has been negotiating for several months with the owner of the Larson Industrial Park concerning annexation. Curtis indicated that another landowner west of Route 83 would annex at the same time as Larson.

Holding even greater promise Curtis told the officials

that he has met with an individual who holds title to about 2,000 acres of land both north and south of Lake Villa about what annexation to the Village could offer.

FOLLOWING CURTIS' presentation, Lake Villa Mayor Ted Nielsen asked for ideas on what could come out of the meetings between the Villages.

Antioch Mayor Robert Wilton responded that he thought the primary task would be agreement on a boundary line between the two towns. This could be followed by discussion of "how we're going to develop as communities," he said.

Wilton's suggestions received substantial agreement from those present.

There were general statements from both sides to the effect that Grass Lake Rd. is "a natural" boundary line between the villages. However, there was no firm commitment to that position.

The committee did agree to meet again July 17, by which time Antioch's Comprehensive Plan should be drafted.

### Moratorium To End Soon

Antioch's six-month moratorium on zoning petitions will end next Monday and, sometime after that, the village must conduct a public hearing on proposed amendments to the zoning ordinance.

With this in mind, the village board Monday night authorized Atty. Andrew Lynch to draw up the proposed ordinances. They are the result of a study by the plan commission and professional planner.

The village safety committee decided to give more consideration to the installation of new flooring in the fire department building. An architect has proposed a way to correct existing problems, but the committee wants to see if there is a safer way.

In other action, the board hired Timothy E. Wells as a street department employee, beginning May 15, and accepted the proposals of Liberty Asphalt to blacktop two parking lots - one south of Barnstable's and the other west of the new Antioch News office on Main Street.

The board okayed the sale of package beer by Bernie Guntz Inc., of North Ave. and Main St.

PROM ROYALTY -- Larry Lloyd and Marlene Wells were crowned king and queen of last Saturday's Junior Prom. The junior class of Antioch Community High School danced to the theme of "Colour My World."

## 80 Trees Planned In Shopping Areas

At least 80 trees may be planted soon to beautify Main and Lake streets and the Antioch Shopping Plaza.

The project was discussed Monday when Chamber of Commerce members met with Village representatives; the

Plaza Association and members of the Beautification Committee.

They decided that block chairmen will solicit merchants and land owners for commitments for the trees.

They hope to have commitments for at least 80 trees by

early summer and planting will begin as soon as that goal is reached.

The trees will be Honey Locusts and will be placed aesthetically, chamber members said, as the beginning of a series of projects to keep Antioch a viable shopping area.

## Grade School Band Alive, Determined

Though the Antioch Grade School Board, for lack of funding, eliminated the band program from the district budget two years ago, the band did not die.

Held together by the parents of students involved, the 40-member band continues to practice one afternoon a week under the direction of George Olisar.

As a culmination of the year's

work, the band will present a free concert for the community on Sunday, May 19, at 3:30 p.m. in the gymnasium of the Upper Grade School.

The parents pay each week for the two-hour practice-lessons for their children. Meanwhile, they continue to hope that in the near future the band program will be reinstated in the school.

The grade school band has

been in existence for 20 years. Before the program was officially dropped, Mr. Olisar had taken bands to first place awards in many contests, including statewide competition.

The program is open to any pupil in the Antioch grade school system, grades four through eight. Parents who may be interested can contact any Band Parent.

## Country Playhouse Is Chaotic Scene

Anyone whose experience in life ever touched upon show business backstage will re-

member the seemingly chaotic atmosphere that invariably accompanies a stage or movie rehearsal.

Now, picture if you will, a full rehearsal in progress and add to that a crew of builders enmeshed in the construction of the theatre auditorium and you have some idea of what must have taken place at the time of the Johnstown Flood!

If the Country Playhouse in Dundee, where all this is taking place, could sell tickets to this performance, it would be a sell-out.

For those who love the excitement of openings, the weekend of May 17-19 should be a promising one. The opening of a new play, in a new theatre, in a new restaurant.

But, for those who prefer the comfort of the familiar and the security of the tried and true, The Country Playhouse will host a popular and well-known performing company, The Troupe, in a Broadway hit comedy, "The Paisley Convertible."

The famous old restaurant is under new management, formerly Mangam's on Beverly Lake, Rt. 72, Dundee.

Performances will take place every weekend on Friday, Saturday (two shows) and Sunday. Dinner and theatre are priced at \$7.50 Friday and Sunday and \$8.50 Saturday. Theatre only at \$3.50 and \$4. For reservations, phone the Box Office 312-428-6691.

## How it feels to be Almighty

By GRACE MARY STERN  
County Clerk

For one day last week, I was omnipotent.

I was asked by Radio Station WKRS, annual sponsor of the Electronic General Assembly, to act as 'Speaker of the House' for one day of the Legislature's five-day session.

The Electronic General Assembly, for those who might not know, is a student mock-up of the Illinois General Assembly. Each of the county's high schools sends representatives to "the capitol." Bills are presented, debated -- and defeated or passed.

The instructions to me said: "THE CHAIRPERSON OF THE CHAMBER IS OMNIPOTENT ON ALL MATTERS OF PARLIAMENTARY (sic) PROCEDURE." Never having been omnipotent before, I of course accepted.

Wednesday was My Day, so I made it a point to creep quietly into the chamber while the Legislature was in session on Monday for a few minutes, and again on Tuesday. I wanted to see what sort of harrassment the legislators were perpetrating on the Chairperson. I noted however, that State's Attorney Hoogasian, Senator Conolly and former Senator Coulson all seemed to be holding their own in their respective sessions, so I put my apprehensions aside until I mounted the dias at 9:30 Wednesday morning.

Dave Davis of WKRS was off in the next room, plugging things into the wall and into each other, and a smiling young man, introduced simply as "Father Tony" gave me a fast run-down on the agenda and parliamentary format. The room was full of young delegates, milling and murmuring, lobbying and ... laying in wait. Timidly I gaveled the meeting to order.

THE AGENDA was a weighty one, and unlike Springfield dealt in controversial social matters. A pending bill on Euthanasia (asked one of my wisecracking sons that evening: "Does that mean young people of China?") was

immediately deferred to the afternoon session inasmuch as the re-write was not complete. We began, therefore, with a bill to amend Motorcycle Classifications, a subject about which the Chair was entirely ignorant. And still it.

As the day wore on, I warmed to my task. The forum dealt with 27 bills before 4, one way or another.

Several were tabled for the next day's consideration but many quite significant matters were debated and acted upon. Quite early in the day, Pornographic Materials were freed of most legal restraints; questions dealing with Personal Property Tax as opposed to across-the-board income tax were exhaustively explored; Grand Juries were redefined. The chamber passed a bill which 'decriminalized' (a word new to the Speaker) Cannabis. (For my older readership, that is Marijuana).

A BILL WHICH proposed to forbid 'arresting traps' (jaw-

GRACE MARY STERN

type) for animals was ultimately tabled "Do you consider dying of fright less cruel than dying in a trap?" asked Wauconda.

And Gun Control got a good going over in both the morning and afternoon sessions before it joined the Trap bill on the table. Prostitution was legal-

# EDITORIAL

The sign painter came over Monday and lettered the name on the window:

The Antioch News

That sort of makes it official. Your hometown newspaper is operating out of its new office at 896 Main St.

Except that Joe and Barbara Rush have turned the editor and publisher job over to Jerry Pfarr, the staff remains the same -- Phil Schwartz, Gerri Amundsen, Sue Bartlett and Esther Domeracki.

To make sure the operation continues to flow smoothly, the Rushes contributed a great deal of hard work and expertise to the transition. For this, we'll always be grateful.

No startling changes are planned. We merely hope to continue putting out the best possible newspaper for the community of Antioch.

But to do this we need your help. Our job is to reflect what's going on in this community -- to hold a mirror up to it. As it continues to say in our masthead, at the top of this page, we are dedicated to the thoughts and feelings of the people of Antioch.

So let us know those thoughts and feelings. Stop in and see us, or call us at our new phone number, 395-5755.

We're going to make mistakes. The only people who don't are those who aren't doing anything.

So when we've made a mistake please let us know. (Occasional compliments will be accepted too.)

We're looking forward to your friendship.

## With a Stern Eye

Continued from Page 2

ized after an astonishingly explicit exchange, and the Age of Majority set at 18.

Said Round Lake: "A person cannot drink beer or wine until he is 19, or hard liquor until he is 21. But he can be tried as an adult in an adult court at 17," said Round Lake, cigar in hand. Gambling was legalized and the Penalties for Rape set.

As we got closer to the end of the session, the Chair found it necessary to curb debate. During the last hour, six minutes was permitted for each bill. With discussion thus truncated, the Legislature whizzed through such questions as lowering the drinking age, requirements for school board membership, the repeal of Medicine Sales Tax, and the

Prohibition of Non-Returnables. There was an obscure reference to \$15,000 in that last bill, and one wag asked if that was the fine for failing to return the bottles.

The subjects were worthy and the exchanges notable. And until the very end of the day when there was a little horseplay--very little actually--the delegates conducted themselves with dignity. The Speaker had one close call when Round Lake audaciously chose to appeal a parliamentary decision of the Chair (I forgot momentarily about my omnipotence and permitted the appeal). The vote fortunately sustained the Chair and we continued--but I knew I had been at a dangerous corner.

It was a very good day. Omnipotence is heady stuff. Indeed,

## Confidentiality Rule Ignored By Nixon

By REP. ROBERT MCCLORY

A serious controversy has arisen in the House Judiciary Committee's impeachment inquiry regarding the demand for information from the White House affecting allegations leveled against the President of the United States.

On Feb. 25, counsel for the committee, with the approval of both the Republican and Democratic leaders of the committee, requested delivery of a large number of tapes, documents and other materials from the White House.

Efforts to receive this material in accordance with the rules of the committee to assure confidentiality were the subject of extensive negotiations between the committee counsel and counsel for the President. When these negotiations failed, the committee authorized issuance of a subpoena to the President in which the items requested were delineated.

ULTIMATELY, THE President made a nationwide television appearance in which he announced the delivery of transcripts of most of the tapes which had been requested. Also, the President stated that the Chairman of the Judiciary Committee, Congressman Peter Rodino, and the ranking Republican member, Congress-

REP. MC CLORY

man Edward Hutchinson, would be authorized to review the original tapes to determine the accuracy and completeness of the transcribed conversations.

The President appeared to ignore the committee's rule of confidentiality in that he made the transcribed conversations available to the public. In addition, he refused to permit the majority and the minority counsel of the committee to participate in the original screening of the tapes.

Finally, under the President's response, the custody of the tapes will remain in the White House where opportunity for a

full review of the complete tapes will be afforded.

ALTHOUGH THE President's response does not comply technically with the Committee's subpoena, there are several important factors to bear in mind. First, the Committee's purpose is to secure information -- not to specify a particular manner in which the information is to be received. Second, the opportunity to review and ascertain the accuracy and completeness of the transcripts is afforded on a bi-partisan basis.

However, the technical expertise which is available to the committee in interpreting and assuring maximum accuracy of the transcripts is not possible where the tapes themselves are not made available.

There has been no response to the committee's request for other materials, namely, tapes, documents and memoranda.

THE DILEMMA faced by the committee is that of moving forward with the investigation on the basis of the best information obtainable. It would seem that the President's compliance is substantial, and should enable the committee to conduct a fair investigation of the allegations made against the President.

Recognizing, as we must, that it is virtually impossible to enforce compliance with a subpoena which the President chooses to ignore -- and recognizing also that such a subpoena against the President is unprecedented in our nation's history, it would seem unwise to resort to contempt proceedings or other steps at this time.

It must be acknowledged that the President has provided a large measure of cooperation. It is to be hoped that similar or improved cooperation will be evidenced in the weeks ahead. This would seem most desirable in order to avoid any unnecessary prejudice against the President's rights and interests. Furthermore, such cooperation can help bring the impeachment inquiry to an early and responsible conclusion.

## Poppy Days

### PROCLAMATION

By his Honor, Robert Wilton, President of the Board of Trustees for the Village of Antioch, Illinois.

WHEREAS, many citizens of the village of Antioch served gallantly in the defense of their country, the United States of America, in world wars, and many sacrificed their lives during that service, and

WHEREAS, the memory of those who died will be held in the highest honor of Antioch community, and will always be a source of patriotic inspiration for us all,

WHEREAS, this memory is brightened each year by honor paid to the war-dead by the wearing of the memorial day poppy during the days of Friday and Saturday, May 24th and 25th, 1974, now,

THEREFORE, I, Robert Wilton, President of the Village of Antioch, do hereby proclaim the above dates as scheduled by the American Legion, Department of Illinois, to be known as "POPPY DAY" in Antioch and urge the citizens of the community to observe the dates by the wearing of the "POPPY".

## It's Against the Law

# Don't Sell Your Wombat

Do you own an alligator belt, snakeskin shoes or a polar bear rug?

Can you tell a pig-fotted bandicoot from a wombat or a Pink Fairy Armadillo?

Well, neither can Grace Mary Stern, county clerk. But she reports that her office now has a copy of the state conservation department's

"Illinois Endangered Species Protection Act."

The act "prohibits the transfer, sale and possession of products or skins of animals" on the endangered species list.

Applications for permit to own such products or skins of animals are available now in the county clerk's office, together with a three-page

pancakes. Good think there's nothing sensitive or sentimental about me.

For the dads it was almost like a high school reunion. Many of my old pals have daughters who go to school with mine. In fact, we're almost becoming a club. It seems we met in various maternity-ward waiting rooms, then found ourselves flung together again five years later when the kindergarten band gave its concert.

(I remember the screeching of the string section and one of the guys whispering, "I'll bet there isn't a dog within four blocks.") And a car backfiring outside and a father snickering, "I think the composer just shot himself.")

The kindergarten band looks a lot different 10 years later. Sparkling young ladies in long

pancakes. Good think there's nothing sensitive or sentimental about me.

That little girl who thought I was perfect a few years ago still loves me (she told me that) but apparently no longer thinks I'm flawless.

In the car on the way to the dance:

"Now don't be offended, Dad ... Please understand, this is standard procedure. Okay, here goes. Don't clown around when you're dancing with me, okay, Dad? And don't tell any of your jokes. My friends have heard them all. You understand, don't you, Dad? None of that funny stuff tonight, please. I'm not hurting your feelings, am I Dad? You know I love you, but ... gee this means so much to me. And when you sit, Dad, be sure your leg doesn't show above your socks. And don't just stand around all the time, Daddy. When I'm talking with my girlfriends, well, you know, you kind of get lost and talk to some of our friends. You do understand, don't you Dad? Oh, and above all, don't brag about me. Please don't brag about me! I'll just die if you do."

Oh, well in a few more years she'll turn around again and realize, after all, that I am perfect.

## TIME WAS..

when average life expectancy was 22 yrs.

Back in the days of the Roman Empire, people only lived a short time. Today in the United States, life expectancy is 70 years!

## Along the way with ANNIE MAE

Hear tell an anonymous donor contributed a sizeable amount to get the new Antioch Girls softball teams off the ground. **THANKS VERY MUCH** from all of the girls.

Sue Sedivec reports more than 190 girls signed up. The teams are being formed and schedules set up. Should be ready to go pronto.

**WHITE SEEMED** to be the color this year at the Mental Health Cotillion. Norma Mierdick and Betty Larsen were lovely in white pants and Mayor Wilton, John Slatner and Homer LaPlant were all in white suits. Woody's pink shirt matched Joyce's lovely pink gown.

Families seemed to be the trend -- the three Costoff brothers and their lovely wives attended. Bob's wife was striking in her black and white gown. Carolyn was very pretty as usual in her white pleated skirt. Kay's green dress was also beautiful.

The Dubois father and son team was present as were Mr. and Mrs. Dan Collins and Dale and Dana. Over 350 people attended this year's gala affair making it one of the nicest the ladies have ever presented.

A super happy grandma Mrs. John Justice Sr. of Woodstock tells us of the birth of triplets to her son John Jr. and his wife last month. The two little girls and their brother were born on April 21 in Geneva hospital. Grandma is the former Hazel Sheehan of Lake Villa.

**JERRY WANTS** to know how come we didn't have seats in the front row, Milo?

Charlie Cermak and spouse are glad to be back after wintering in Riviera Beach Florida since January.

Be sure to listen to WKRS this Friday afternoon at 1 p.m. Angie Maras and Fern Watson will be guests on the luncheon program.

Our congrats to Larry Lloyd and Marlene Wells, King and Queen of the ACHS prom. Seems last year's graduates had as much fun this year as they did at their own prom. The decorations were super. Not all the kids were at the prom though - lots of houses were draped with pretty colored toilet paper the next morning.

### United Methodist Women to Hold Rummage Sale

The United Methodist Women of the Antioch Methodist Church will hold their spring rummage sale on Friday, May 17, in Wesley Hall from 9:00 a.m. to 5:00 p.m. There will be a nice assortment of clean, usable rummage.

There will also be a bakery booth full of homemade goodies.

For a finer quality of clothing, visit our French Room on the stage in Wesley Hall.

Coffee, sandwiches and cake will be served throughout the day.

Come and browse through our fine assortment of rummage. We are sure you will find some good bargains.

**LAST TUESDAY**, Wally Forbrich received a "Spirit of '76" birthday card from his granddaughter Cindy Carney at a party in his honor. Does that tell us something?

Marilyn Sterbenz hosted a shower for Kathy Randall last Sunday. Kathy will wed Bill Gaa in June.

Rick Johnson, Class of '72, would sure like to hear from some of his old friends. His new address: Rick Johnson Sr. 337468197; Div. 3511; Class 7435; SSC, NTC., San Diego, CA 92133.

Al and Florence Pedersen spent the weekend in Reno and Lake Tahoe with son Lloyd. Lloyd Pedersen and his group "Broadway" have been appearing at the Show Lounge at the Eldorado Hotel in Reno for the past two weeks. Beginning May 13 thru the 25 they will be appearing at the Ramada Sands in Milwaukee.

**A VERY HAPPY** birthday to Jim Harvey and Luanne Haisma who celebrate their natal day on May 8, to Pat Lorenz. Sue Haley. Sue For-

brick. Ed Jahneke Jr., and Virginia Howard on the 10th, to Charles Jenkins, Jr. and Jack Harrison on the 11th, and to Nancy Trays and Arlene Cramer on the 14th.

Anniversary wishes to two well known Crest Lane residents are in order this week. Mary and Bill Carney celebrate on the 13th and Shirley and Bernie Gutowski on the 14th.

Brrrrrrr.

See ya.

Annie Mae

San Antonio, Tex. - Kim W. Vanderford, son of Mr. and Mrs. Wilbur L. Vanderford of 2402 Sunset Lane, Lindenhurst, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School at Lackland AFB, Tex.

Lieutenant Vanderford, selected through competitive examination for attendance at the school, is being assigned to Vance AFB, Okla., for pilot training.

The lieutenant, a 1969 graduate of Elgin (Ill.) High School, received his B.S. degree in mathematics from Northern Illinois University.

## Cabaret Show

"Give the people what they want" could well be the motto of the Lake County Chapter of Sweet Adelines.

Namely: a portion of four-part harmony entertainment, a lively dance band, plus food and drink.

The combination will be the format for the Sweet Adelines' second annual "Cabaret Show" at the Lindenhurst Civic Center from 8 p.m. to 1 a.m. Saturday.

A program of songs by the barbershop chorus, directed by Pat Thompson of Gurnee, will include a special segment by the well-known Lake Countesses. That quartet includes Mrs. Duane Carter, Mrs. James McCormack, both of Gurnee; Mrs. Dale Sprincz, Mundelein, and Mrs. Morgan Tumas, Waukegan.

Dancing to the music of the "H.B. Three" will start at 9 p.m.

The public is invited. Tickets, \$2.50 each, are available from any Sweet Adeline member, by

calling Mrs. Carter at 623-9271, or at the door.

Women who enjoy singing will be welcomed by the Sweet Adelines at regular rehearsals, held 8 p.m. Mondays at the Swedish Glee Club, 621 Belvidere, Waukegan.

Newly-elected officers will be installed on Monday, May 20. They are: president, Mrs. Robert Becker, Gurnee; vice president, Mrs. John Newell, Antioch; corresponding secretary, Mrs. Fred Nicola; recording secretary, Mrs. Harry Soehnlein, both of Waukegan; and treasurer, Mrs. James McCormack, Gurnee.

### WALTER KROLL CHAIRMAN FOR CLC BOARD

Walter A. Kroll is the newly elected chairman for the College of Lake County Board of Trustees. He will serve in that capacity during the 1974-75 academic year, succeeding Thelma Sandee, Waukegan, who served one term.

Other officers are vice-chairman Helen Kopriva, Antioch, and secretary Robert Wright, Libertyville.

**SCIENCE PROJECT.** The beans are growing out the window of Mrs. Girten's classroom at Channel Lake School. Beverly Givens and Steven Buchman are two of the fifth grade students involved in growing plants.

## HAPPY MOTHER'S DAY!

### THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

## How an attic fan can take some of the load off your air conditioning.

If you've ever been up in your attic on a summer day, you know how hot it gets. All that heat up there is what makes it so tough to cool the downstairs—even with air conditioning.

Well, here's a hint: install an attic fan. An attic fan—whether it's at a window, gable vent or through the wall or roof—will pull that hot, dead air out of your attic. In fact, it can reduce your attic temperature by as much as 35 degrees.

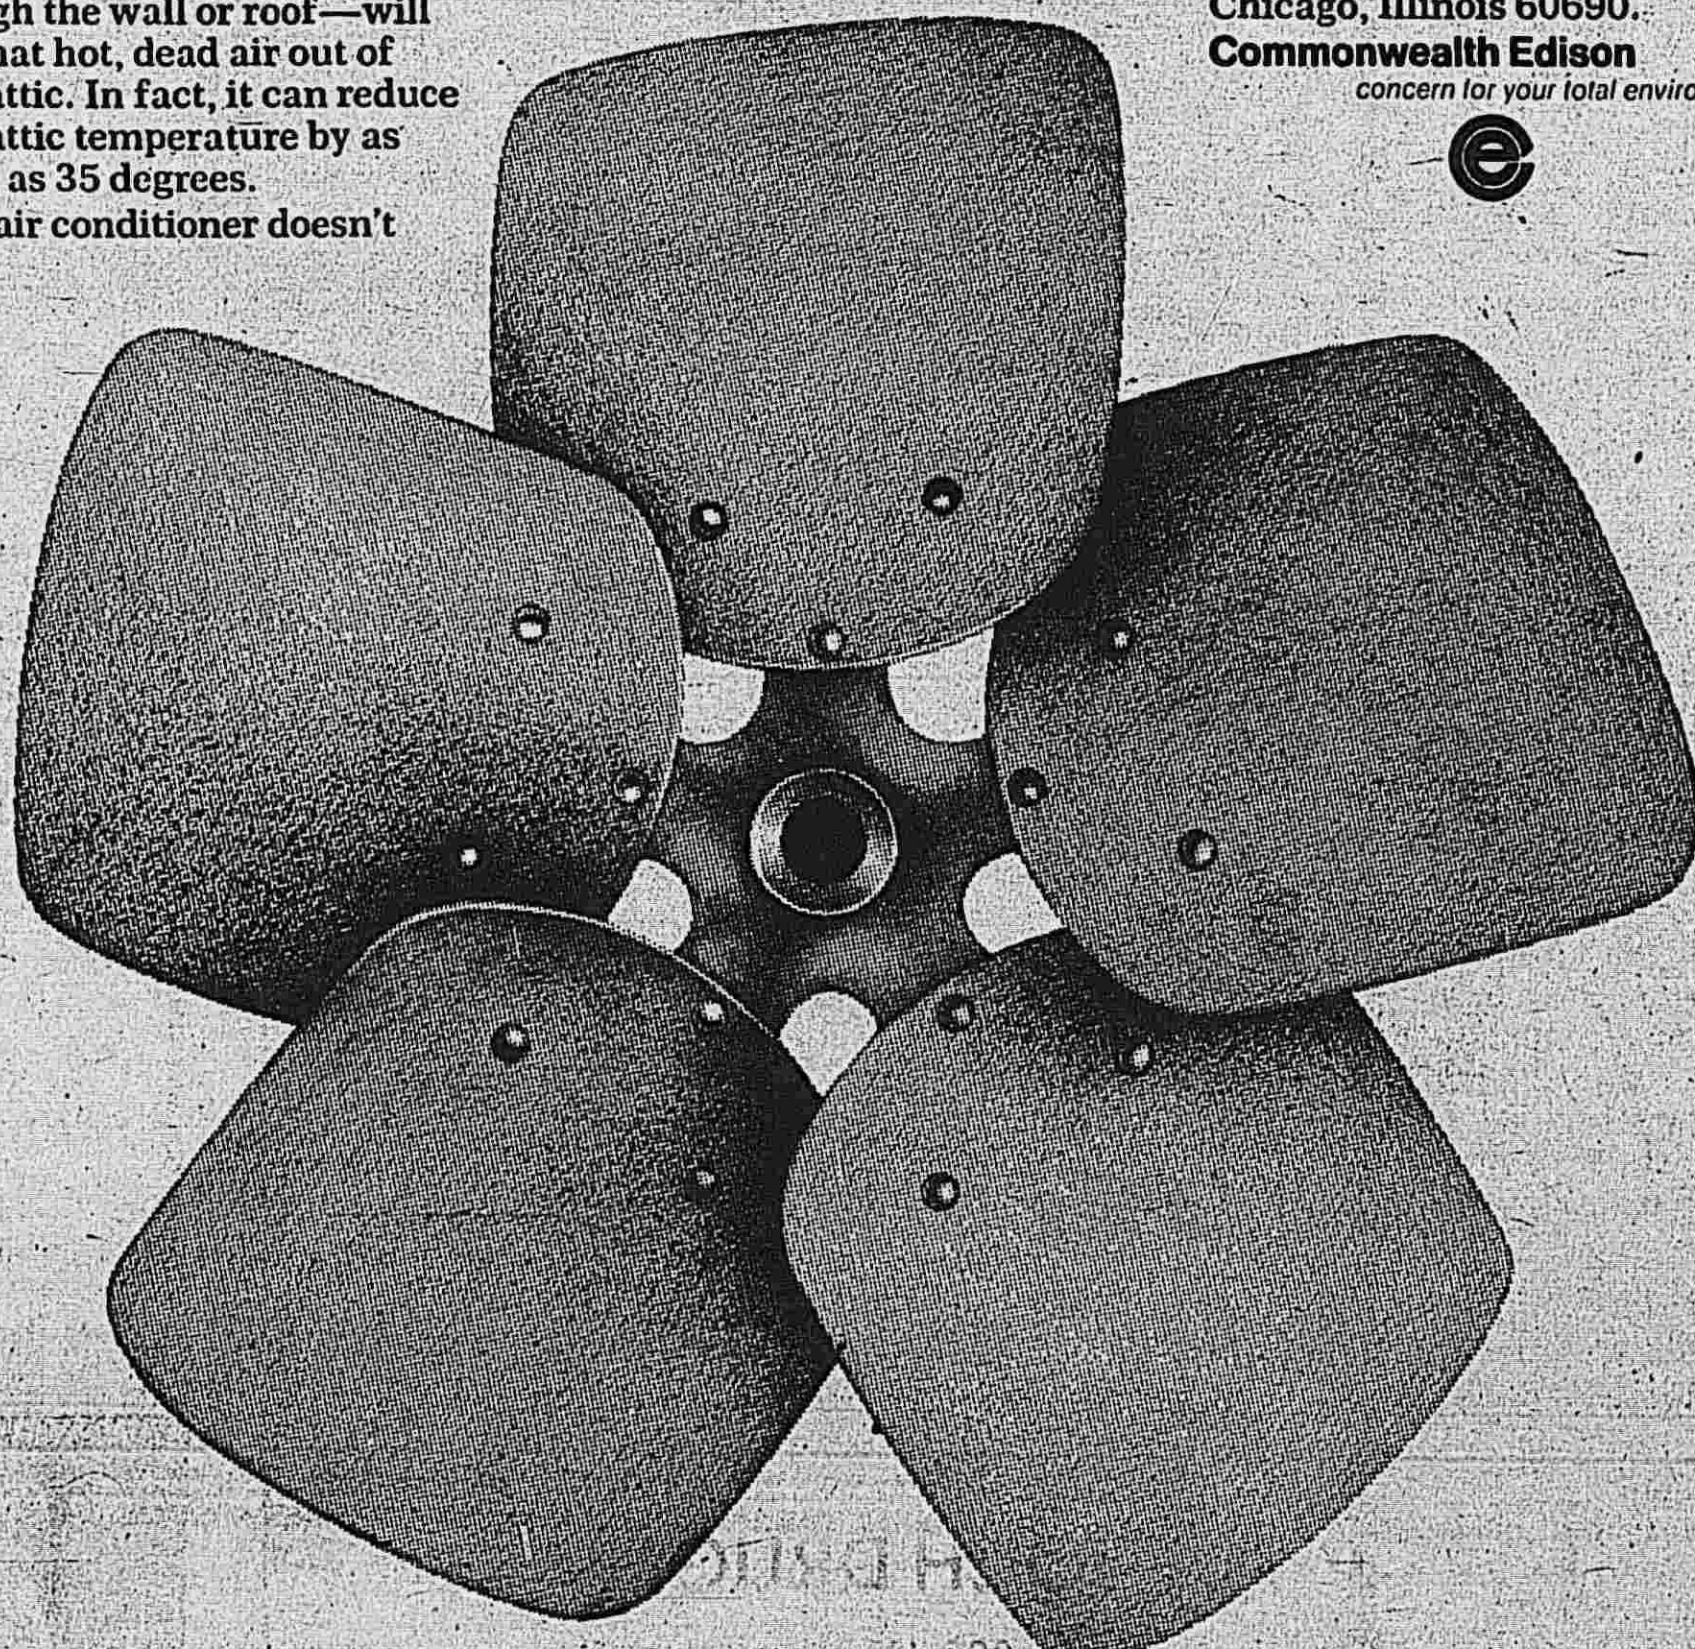

Your air conditioner doesn't

have to work nearly as hard when it isn't fighting a hot attic. It doesn't switch on as often or run as long. You're just as comfortable, yet you're saving money. With an attic fan, you can also reduce the amount of air conditioning equipment you need.

Contact your heating or air conditioning contractor for the attic fan installation that's best for your home. This hint is included in our booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

concern for your total environment

## Sequoit Happenings

### Bite from Barb

By: Barb Olson

Prom was held at ACHS this past weekend on Saturday Night. "Colour My World" was presented by the Junior Class, and the class really put a great deal of work into making Prom the success it was.

Music was provided by "Rocky And His Friends + 2." The band was very good, in fact, this was the second time they were asked to come to our school. They had also played for Christmas Formal this year.

Coronation was held at 10:30 p.m. Congratulations to this year's new King and Queen, Larry Lloyd and Marlene Wells. Larry and Marlene were crowned by last year's King and Queen, who were Mark Andrews and Marcia Doolittle. The rest of this year's Court is: Kim Kovack and Dennis Thain, Mary Mayer and Jerry Popp, Dale Weiss and Kevin Walpole,

and Kimberly Vasek and Russ Albano. The Pages were Karen Hoft and Tod Domek.

The Juniors serenaded the Seniors with this poem at Prom:

#### TO THE SENIORS

Another year goes passing by  
Another Prom is here  
To some this brings a joyous smile  
To others, brings a tear  
For four years you have tread a path  
From dawn to setting sun  
But now the path gets steeper  
And the climb is just begun.  
We're very glad to know you  
We'll miss you when you've gone  
And to the Class of '74  
We dedicate our Prom

-The Juniors

The Junior Class did a terrific job with decorations and the rest of their preparations. Prom Committees were: General-Marla Kessler; Decorations-Janet Gallimore and Jody Patrovsky; Queen & Court-Julie Ellis; Programs & Tickets-Mary Mayer; Publicity-Mike Jones; and Refreshments-Elaine Surrock; and Budget-Ron Jackson.

Everybody who attended Prom had a good time and share in my opinion that the Juniors did a very good job.

French and English farmers inserted pieces of their Yule log in their plows to make the crops thrive.

## WOMEN OF THE MOOSE

The Academy of Friendship Chapter Night was called to order by Senior Regent June Ballenger with all officers present. Friendship Chairman Cheryl Wise then introduced Friendship members who were filling chairs for the night.

The Senior Regent then turned the gavel over to the Friendship Chairman for the Golden Ring Ceremony. These candidates qualified for their rings by fulfilling all requirements and were escorted into the Golden Circle by the Guides.

Those presented with their rings by Presentation Officer Karen Bartuska were Georgia Sutherland, Judy Cook, Darlene Gers, Ramona Pyzyna, Ann Gialds, Sarah Brohn and Mary Frances Bock. Acting as their aides were Harriet Grewe, Gerry Mark, Norma Lowe, May Palmer, Pat Sperling, Myrtle Delany and Lydia Pederson.

THE ENTERTAINMENT for the evening was a joint effort of the Academy of Friendship members using a letter of the word Friendship to tell the Chapter what the WOTM feel about our organization and how to help it succeed.

Those taking part in the ceremony were Harriet Grewe, Anne Stickler, Judy Page, Dorothy Laursen, Norma Lowe, June Ballenger, May Palmer, Cheryl Wise, Stephie Polson and Gerry Mark.

Every year each Chapter nominates a candidate for the Paul P. Schmitz Honorary Mooseheart diploma. This year because of all her years of hard work and outstanding service to the Chapter, Harriet Grewe was awarded this honor. We are all very happy to see such a terrific person honored this way, outside of our chapter.

THE SENIOR REGENT announced that the members of the election board are Millie Stroner, Elsie Toman, and Betty Dahlke. The new slate of officers are: Treasurer-Anita Wisniewski and Sarah Brohn; Recorder-Cheryl Wise and Dorothy Laursen; Chaplain-Judy Cook and Marge Hartman; Junior Regent-Norma

PREPARING FOR CONCERT. Ingrid Lindberg practices with the band sponsored by the Band Parents Association for 4th through 8th grade students in the Antioch grade schools. The band will give a free concert for the public, Sunday, May 19. SEE STORY ON PAGE 1.

## The Time Machine

### 70 YEARS AGO MAY 5, 1904

This is the year for the appearance of the seventeen year locusts. Editor Miles T. Lamey of the Barrington Review was in town Monday.

### 50 YEARS AGO MAY 8, 1924

Mr. and Mrs. N.S. Burnett celebrated their 50th wedding anniversary Tuesday.

Twenty-three speeders were arrested on the county roads over the weekend. Testimony shows cases of speeding up to 50 miles an hour.

### 20 YEARS AGO MAY 6, 1954

Shirley Oilschlager and Nancy Rentner received music camp scholarships from the Antioch Women's Club.

A preview of the planned open-air summer concert series by the Antioch Community Band will be given Tuesday. The band will be under direction of Louis Chenette, with WLS star Dolph Hewitt and guest artist J.W. McMillen will conduct the band for one number.

### 10 YEARS AGO MAY 7, 1964

Sophomores at Antioch High School will wash cars this weekend at Weedy's Sinclair Station, with the proceeds to go into their prom fund for next year.

Number six was a lovely baby girl for the Louie Tanners.

## CHRISTIAN SCIENCE CHURCH

The understanding of Man's likeness to God is brought out in this week's Lesson-Sermon entitled "ADAM AND FALLEN MAN."

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "As mortals give up the delusion that there is more than one Mind, more than one God, man in God's likeness will appear, and this eternal man will include in that likeness

no material element."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois begin at 11 a.m. Everyone is invited to attend, and child care is provided.

### AMERICAN PARTY MEETING

Dr. Hassan Abdallah of Jordan will be the guest speaker of the American Party Club of Lake County at a public meeting Saturday, May 11, at 8:00 p.m. in the Jones Island park Building, 243 Harvey Avenue, Grayslake.

## Evangelical Scene of Musical

The Kenosha Bible Church Choir will visit the Antioch Evangelical Free Church and will present the John W. Peterson Musical - "Jesus is Coming" on Sunday, May 12, at 7. The Antioch Evangelical Free Church is located at Tiffany Road at Highview Drive, Antioch.

John W. Peterson, world renowned composer, has written over 1,000 hymns, cantatas, and other musicals. "Jesus is Coming" is one of the latest compositions and its production by the Kenosha Bible Church Choir is its first presentation in the Northern Illinois area.

"Jesus is Coming" is a musical arrangement about the personal, imminent and bodily return of Christ. Signs of the times are crowding in on us. The Holy Spirit is preparing us for the events that will ultimately climax human history by the great wealth of material on His return with study materials and musical arrangements.

Our faith in this "blessed hope" is being reinforced by the music of the church. Songs of the end-times are among the best-loved and most-used in our generation. Never before has there seemed to be such eager anticipation of the Second Coming -- if we dare to use the current popular sacred favorites as a barometer.

## 'Hindsight's Better Than Foresight'

By Father Keusal

As a child I can remember going to the dentist for what seemed like years. At this time I really can't remember how long it really was. I intensely remember that I did not like going to the dentist. I have

memories of the long ride on what we called the streetcar. I have memories of having a bit find its way out of the drill and into my gums. I have memories of having to wear a brace.

I don't remember giving my mother a hard time about going to the dentist but I must have because I can remember her telling me that one day I would thank her for making me go to the dentist. At the time I just couldn't believe that I would ever be grateful - and I don't think that she ever imagined that she would see the gratitude expressed in a newspaper.

One of the enduring basics that has withstood the pressures of time, materialism and society is the highly respected state of motherhood. Even though Americans respect motherhood every day they set aside a special day to pay honor and praise to all those

wonderful women who are called mother.

Mother is a word that brings back many memories for each individual. These memories go back as far as each person can remember. These memories recall that person who was not only always present but wouldn't think of not being on the spot in case she might be needed.

And those needs continue for years and mother is not only ready but more than willing. Neither time nor personal discomfort ever halt the desire to continue to give.

### DOLLY CAST AT MOTHER-DAUGHTER BANQUET

The Evening Circle of the United Methodist Women of Antioch will hold their annual Mother-Daughter Banquet on Friday, May 10, at 6:30 p.m. All members and friends of the day and evening circles of the church are invited.

Entertainment will be furnished by Antioch High School Drama teacher, Mr. Ken Smouse and his cast from Hello Dolly.

Recognition of the oldest mother in attendance, the youngest daughter, the mother and or daughter who came the greatest distance to attend, and several other honors will be announced.

Wearing green leaves inside your hat was once thought to prevent sunstroke.

# Vaughan at Large

By Bill Vaughan

One of the most underrated activities of modern man is the kick. In fact it is often criticized as bad form.

And yet, look at its usefulness. If delicately aimed it can save you \$57.50 in television repairs. Just haul back and let it go and immediately the color falls into perfect alignment. Noel Coward once said, although not in my presence, that women should be struck regularly, like a gong. If he had said it in my presence I should have kicked him. Nothing counteracts a witty saying like a swift kick, or even a slow one.

Modern man, many of whom you know, have forgotten how to kick. Or they have had their kicking style ruined by watching the slidesaddle approach of the soccer-style virtuosos of professional football.

Kick a cat or dog with your instep and he thinks you are being playful. It's the point of the boot that gets the message across.

I am, of course, kidding in the foregoing paragraph. I have never kicked a cat or dog. At least not within view of any female relatives of mine, the cat's or the dog's.

In the foregoing paragraph, I am kidding. I have never kicked any animal too small to kick back.

But, at times, the temptation. Ah! the temptation.

A man may kick, as well as kiss, in his dreams. Maybe better.

People buy bad automobiles because they think it is tacky to kick the tires. Now nobody has ever explained why it is a good idea to kick the tires. We only know that this country rose to be the most powerful in the world when men kicked tires.

(Women, it should be said hastily, do not kick tires. I would take to the barricades to defend their right to do so, but it seems to lack interest for them. Women kick men, occasionally, for amusement. What women usually kick is their shoes off. Men take their shoes off; women kick them off. This indicates either a deep difference in the sexes or in shoes.)

I have long been known for abstaining from vast cosmic conclusions, and I think people appreciate it. The fact remains that all this trouble with the Arabian oil people started about the time American men stopped kicking tires. In England men kick tyres, which has led to the sunset of the Empire. It is a good rule to remember: Never kick anything you can't spell.

Every year I read learned brochures about how to improve my lawn or garden. Usually involved are all sorts of very complicated advice involving chemicals and mulching and stuff I don't want to think about.

The thing to do with your lawn this time of year is to go out and kick it. Your neighbors will think you know something and they will also kick their lawns. As a result your block will look no better than any other, but no worse either, and everybody will have saved a lot of money they can donate to a Worthy Cause.

I also recommend kicking flowers, trees and shrubs to stir them to action. Many vegetables of this kind neglect to bloom because nobody has called it forcefully to their attention.

A word of caution: Don't kick dandelions, unless what you are after are great, big dandelions.

I am making a simple plea to my fellow Americans: Kick more. Kick the wastebasket at the office or the water cooler, and especially the vending machine that absconds with your 15 cents. Establish some authority. The oft-bruited difference between man and mouse is easily settled; mice don't kick things.

Our arboreal ancestors, be they monkeys or whatever, didn't amount to anything until they put on shoes so they could kick with a minimum of pain. Have you kicked anything in the last 24 hours, friend? If not, take a hard, cold look at your way of life.

### NUTRITION A LA CARTE

- Here are some dollar-stretching ideas for your food budget: Serve macaroni and cheese as your main dish, but add bits of left-over green vegetables, or meat, or hard-cooked egg. Or buy less expensive cuts of meat. Then cook them slowly, using some liquid in the pan as you would for a pot roast. They'll come out delicious.
- Are there special foods that enhance fertility in women and virility in men? There is no food that enhances these factors. Our foods give us the nutrients we need for good health, and it is your overall health that may affect fertility and virility. Don't be misled by fad diets or the claims of medical quacks.
- Did you know that bananas were first displayed in the United States in 1876 at the World's Fair

- in Philadelphia? Only the most daring persons could be persuaded to peel back the yellow skin and taste this exotic fruit. Nowadays, bananas are an American favorite.
- Here's a bit of history. Welsh Rabbit is the correct name for the cheese dish that was first made, so it was said, by a Welsh Chieftain. Called upon to entertain a few hundred unexpected guests, the chieftain had his cooks substitute a cheese dish for rabbit, the game customarily served on such occasions.
- The first vitamin to be discovered was vitamin A. Dr. E. V. McCollum and others found that something in butterfat or egg yolk could insure good nutrition in animals. That something they named is vitamin A.

## Pierce To Oppose RTA Dismantling

Rep. Daniel Pierce (D-Highland Park), House Majority Whip, says he will oppose legislation introduced by House Speaker W. Robert Blair to dismantle the Regional Transit Authority.

Although I represent an

outlying suburban district located in Lake and McHenry counties, I will oppose Blair's bill because it is hastily drafted and not in accord with the wishes of the suburban people I represent," Pierce said.

In discussing the defeat of the

RTA referendum in Lake County with voters in his district, Pierce said he has learned that the great majority of those who voted against the RTA objected not to the concept but to some particular provision in the bill.

The programs will begin at 1:30 and 3:30. Models pictured here are Angie Maras (left) and Ann Kakacek.

## 4-H Antioch Adventurers

The Adventurers' monthly meeting was held at the Methodist Church in Antioch. The group reviewed the tours taken to the Waukegan police department and the Lake County Courthouse.

The tours were followed by a shopping spree at Lakehurst. Everyone agreed it was a most educational day.

As special guest, Dr. George Jensen gave a talk on the history of Antioch. He described life in 1919, when he first moved here. It was fascinating to hear how Antioch developed.

Terry Corey gave a talk on how to make Chocopeanut Bars. Kelly Corey talked on raising a chameleon (a small lizard).

Bill Corey spoke on different kinds of hunting traps. And Doris Meuter gave a demonstration of how to make diet desserts.

Sylvia Meuter demonstrated cake decorations and how to make them.

## Homes Get '76 Spirit

Chicago (NFS) — Starting the bicentennial countdown well in advance of America's 200th birthday celebration, with-it home decorators are rallying around the red, white, and blue.

Russian rainmakers recommended that marriageable girls be yoked to plows and drag them through rivers, puddles and marshes to destroy a drought.

"Well, shall we call it a day?"

## Students Planting Trees

The upper grade Conservation class at Emmons Grade School is involved in a tree-planting project this spring.

With the help of Mr. Don Palken of the Soil conservation Department of Lake Zurich a plan for planting a hedgerow on the perimeter of the school property was drawn up.

Red and white pines are being used on the outer edge. A mixture of silky dogwood, Aumun Olive, honeysuckle and other cedar make an inner hedgerow which will attract birds and other wildlife.

Nearly 1,000 seedlings will have been planted by the end of the week. The class will then care for them by weeding, watering when necessary and keeping the grass cut around them to lessen the competition.

A small group of boys have volunteered to care for them over the summer months.

One area at the far northern end of the land is being used as a tree nursery to supply replacements for those that die or are destroyed. It is hoped that in future years this section may be used as a nature study area for natural science classes.

The kindergarten and lower grades will also plant some trees in this section with the hope of being able to cut one of their own as a Christmas Tree for their classroom when they become eighth graders.

## Restorations

Your cherished memories don't have to stay tucked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again ... in an honored place in your home or as a gift to someone dear.

Stop in soon and bring your old photographs for an estimate

### American Legion Auxiliary

Past Presidents of the 10th District will hold their annual dinner at the Holiday Inn, in North Chicago on Thursday, May 16, at 6:30 p.m.

Junior Past District President, Mrs. Everett Ainsworth, who will preside at the meeting, asks that Jr. Past Unit Presidents send reservations and remuneration to Mrs. Robert Hines, 164 N. Western Ave., Lake Forest.

Past Presidents operate a special project for the women patients at Downey V.A. Hospital and do some of their work in connection with these women veterans. They also support an Illinois Nurses Scholarship Program, which has in recent years given 25 nurses scholarships to young men and ladies.

In cooperation with CARE, Inc. the American Legion Auxiliary selects a country to study and assist. This year, the attention is being centered on the Republic of Korea.

Foreign Relations Chairman for the District, Mrs. Dorothy Mitchell of Grayslake, says this program is going forward with many donations being made by the Unit Chairmen and the membership. The help

### Wendy Jensen Cheryl Reckers On Honor Roll

Two Antioch students have been named to the President's List at North Central College in recognition of their scholastic achievement during the winter term of the 1973-74 academic year.

Among the 130 students named to the list by Dr. Arlo L. Schilling, President of the College, are Wendy P. Jensen, daughter of Mr. and Mrs. Robert Jensen, 477 First St. and Cheryl L. Reckers, daughter of Mr. and Mrs. Preston J. Reckers, Jr., 466 First St. Both girls are 1970 graduates of Antioch Community high school.

To be eligible for the President's List, a student must earn a grade point average of at least 3.7 for the term, or a cumulative average of 3.5.

### Candlelight Bowling

The Oakwood Knolls Property Owners association is planning a candlelight bowling party for Saturday evening, May 17 at 8:00 p.m. at the Antioch Bowl. Bowling, a buffet and prizes are included for \$8.50 per couple. Call Natalie Sinclair, 395-0030 for reservations. Everyone is invited.

are accepted by the school. In giving of these toys the girls learn the art of sharing with people they do not even come into contact with.

### LEGAL

ADVERTISEMENT  
FOR BIDS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Village of Antioch until 8:00 p.m. on May 20, 1974 for the excavating, blacktopping and fencing of tennis courts as per specifications on file with the village clerk.

Bids shall be addressed to Marilyn J. Sterbenz, Village Clerk and shall be in her hands on or before 8:00 p.m., May 20, 1974.

The Board of Trustees reserves the right to reject any and all bids, to waive any informalities in any bid, and to accept any considered advantage to the Village. This advertisement is made pursuant to the direction of the Village Board of Trustees on April 29, 1974.

## The Town Crier

Hear ye!

Doug Larson says that the average woman wants a man who is weak enough to wrap around her little finger but strong enough to open pickle jars.

But isn't he also the one who said, "A man gets excited about a raise in pay while his wife stays calm and collects it?"

I've been putting in long hours lately and thought for sure I was working off some of that extra weight. But I stepped on a scale and found I gained three pounds. It must be those good meals I've been getting at The Vault restaurant. The food sure is good, and the helpings really generous.

President Nixon owes \$465,000 in back taxes. Maybe that's what's holding up our \$17 refund.

The guy who said the world was going to end in 1936 probably was right.

**TALK ABOUT** delicious steaks, I had one the other night at Andres on U.S. 12 in North Richmond. Did you know that Andres is open seven days a week?

Sounds like fun. I'm talking about the Cabaret Show this Saturday night at the Lindenhurst Civic Center. Entertainment by the Lake Countesses and Sweet Adeline chorus and dancing to the "H.B. Three." Starts at 8 p.m. I think you can still get tickets by calling 623-9271.

**DID YOU HEAR** about the new catfood called "Meow?" It

should be a huge financial success. It's the only food that your cat can ask for at the supermarket all by himself.

How about that State Farm man, Dick Witt? Heard that his company has awarded him a week in Paris for his production in life, fire and health insurance.

Last year he won a trip to Munich, Germany, and the year before it was Madrid, Spain. Wow!

The guy down the street says the last time his wife said yes to anything was when he proposed.

Hear ye!

## Friz Boyette Dies in Florida

Funeral services were held Monday in Florida for Friz B. Boyette, Jr., who died Friday at the age of 50 in Dade City, Fla.

Mr. Boyette was formerly of Lake View, Illinois and was a self-employed citrus harvester.

He is survived by two sons, Friz B. and Joseph F., both of Wesley Chapel, Fla. He is also survived by four daughters, including Mrs. Elizabeth Mathews of Richmond, Ill., and two brothers and a sister.

His mother, Mrs. B. Boyette, lives in Wesley Chapel, Fla.

• **MEN SPEND** 26 minutes at breakfast and 52 minutes at lunch.

## ABC'S OF TRAVEL

## U.S. Customs Hints-In Brief- For Returning U.S. Residents

Your exemption is \$100 (retail value) on articles acquired abroad, IF - Articles are for personal use or gifts. Articles accompany you. You have been out of the country at least 48 hours. (Mexico and U.S. Virgin Islands are exempt from the 48 hour limitation.) You have not claimed the exemption within the preceding 30 days.

You may include in this duty-free exemption: 100 cigars (not Cuban) One quart (32 oz) wine, beer, or liquor if 21 years of age or over. (Note: Some States have restrictions on the amount of liquor residents can or cannot bring in and also some states the age is 18.)

Your exemption is \$200 if returning from American Samoa, Guam, or the U.S. Virgin Islands, and one U.S. gallon (128 oz) of alcoholic beverages may be included, provided not more than one quart and \$100 of purchases were acquired elsewhere than in these islands.

You must declare EVERYTHING acquired abroad that you bring home, including gifts given to you and articles worn or used. If you fail to declare an article or understate value, **PENALTIES CAN BE SEVERE.**

It is wise to register foreign-made articles (e.g. cameras, watches) with Customs before you leave or take proof of prior possession (e.g. sales slip) with you. If you don't do this, you can have a long delay and a lot of trouble going through customs - I know now the hard way. Also some items are restricted or prohibited. Customs will be glad to furnish you detailed pamphlets prior to your trip abroad. Contact either your travel agent or your area District Director of Customs.

Barb Corbin

PM&L

PM&L members will hold a general meeting at 8 p.m. Sunday at the theatre.

# Sequoits Return To Winning Ways

The Sequoits won behind the pitching of Mike Gutowski and

Antioch's Sequoits broke their three-game losing streak with a 10-3 win over Lake Zurich.

the long-ball hitting of Rich Sedar and Jon Bodin.

Lake Zurich gave the Sequoits something to ponder in the first inning by clouting a homer and taking a 2-0 lead.

BUT ANTIOCH fought back with three runs in the bottom of the first, including a two-run homer by Sedar and a triple by Russ Albano.

Antioch seized a 5-2 lead in the second inning as Frank Pleviak and Mike Perrone hit back-to-back triples.

The Sequoits pulled away as the game progressed, Sedar coming through with a double and Bodin hitting a three-run homer.

ANTIOCH ALSO split a doubleheader with Stevenson, boosting their conference record to 6-5.

They lost the first game 10-4, then triumphed 8-2 in a display of hitting and smart base running.

John Bodin tripled for Antioch in the first game.

Action at Second Base

RAY YOUNG, DOLTON, ILL.

## Thrilling Races

WAUKEGAN — Ray Acuff, a 35-year-old bartender from Chicago, had the biggest night in his five year racing career Saturday when he won the 25-lap late model sportsman feature at Waukegan Speedway.

Driving a 1967 Chevelle, Acuff raced bumper-to-bumper to

beat out Ted Richter of Libertyville, who had set the night's fastest time and earlier had won the trophy dash.

Richter suffered a flat tire on the 20th lap and Bill McDonald moved up to finish second.

A cold drizzle forced cancellation of Sunday night's program as Ray Young was seeking his fourth straight feature win in the late model super stock division. The rainchecks issued will be good either this Saturday or Sunday night.

Sunday's card will include a \$500 grudge race between last year's late model super stock champ, Bob Roper, and runnerup Tom Jones.

## Airman Gets Assignment

San Antonio, Tex. — Airman Craig J. Church, son of Mrs. Dorothy Church of 612 Capillo, Lake Villa, has been assigned to Chanute AFB, Ill., after completing Air Force basic training.

During his six weeks at Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

Craig has been assigned to Chanute for specialized training in aircraft maintenance. He is a 1973 graduate of Grayslake High School.

## Fans to Have Camera Night

WILMOT — Dick Colburn of Muskego, Wis., won the 25-lap feature in the super modified division at Wilmot Speedway Saturday night. Dick St. John of Milwaukee was second.

The sportsman feature was

won by Gordy Mudlaff of Waterford, who led from the start and beat out Ray Dobbs, who started near the rear of the pack and worked his way up to second.

This Saturday will be Camera

Night for fans who can come on the track after the program to photograph their favorites and collect autographs.

Time trials are at 6:45 and the first race at 8 p.m. at the Kenosha County Fairgrounds.

## Mark Andrews Picks Augustana

ROCK ISLAND — Mark Andrews, standout guard at Antioch Community High School, has announced his intention to enroll at Augustana College here this fall.

Andrews, the son of successful Antioch Coach Roger Andrews, led his team to a 22-6 record—including a 13-0 mark in the Northwest Suburban Conference—last season, pacing the team in rebounding and assists, while finishing second in scoring.

Augustana Coach Jim Borcherding said:

"We've been very high on Mark all along and we couldn't be more pleased about his final choice. He's a quality player and a quality person and will be an asset as a team player. He has all the talent to be a standout individual, but he's genuinely team oriented—the type of player who will fit well in our program. He's been well coached and comes from a winning atmosphere."

Last season Andrews scored 348 points for a 12.4 average, as all five starters on Antioch's regional championship squad scored in double figures. He hauled down 224 rebounds and had 177 assists.

Besides being named team captain for the second straight year and being voted the team's most valuable player, Andrews

earned all-conference and all-county honors for the second season.

He was named to the all-area team by WKRS radio and given special mention on the All-State team.

The 6-3 playmaker-scorer didn't limit his talents to basketball, either, as he was voted most valuable player on

the Antioch High School track team.

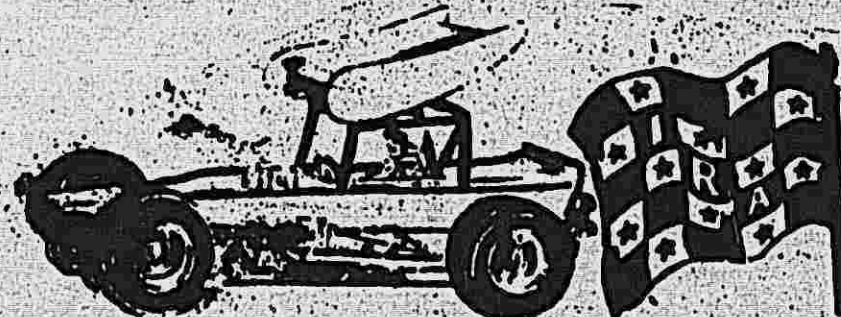

Andrews was a member of his school's student council, National Honor Society and an Illinois State Scholarship winner.

### LOCAL DOCTOR ACCEPTED
